## **Unique Feature of LG RD-6330**

### **Slide Show**

You can make upto 10 slides with 4 pictures in each. Set the slide as a wall paper.

### **SMS on Call Reject**

Send an instant message to caller, if you are unable to attend the call or don't want to receive the call. Press Soft Key 2 during the call to reject the call and sending a SMS to caller. This message can be edited in Setting > Call menu.

### **D-Day Counter**

Calculate days through D-Day counter. Just enter the important date and the phone will show that how many days passed or left since set date. 5 items can be stored and 1 can be displayed on the idle screen.

**✚ Animated Ring tones (PMD)**

RD-6330 has 5 built-in Animated Ringtones. This shows wonderful animation with ring on the incoming call.

**✚ Reserved Call**

This feature allows you to create calls with dialing Date and Time. You can also assign the Ringtone type and can write a memo with each entry. Phone will alert you on the set time to make the call. Upto 5 entries may be stored.

**✚ Signature**

There is a signature facility in your RD-6330 mobile phone for messages. Signature of upto 15 characters can be edited.

**✚ Advance Messaging**

Use SMS (160 Characters), LMS (462 Characters), MMS (1000 Characters + 1 Picture + 1 Sound). SMS/MMS to E-mail. Group messaging.

**✚ Flash Light**

Use powerful flash light in dark by just pressing **CLR** button in idle mode. This flash also can be used with Camera to take photo or video in the dark.

**✚ Message Locking facility**

You can lock your Archive message folder using a password. Upto 30 messages can be stored in Archive folder.

**✚ Airplane Mode**

This "Airplane Mode" function will turn off Radio Frequency (RF) of mobile, so user can not make and receive voice calls, Send-Receive SMS and Data Communication etc. but user can use the other features, such as Camera, MP3, Games, Scheduler, Memo etc.

**✚ BREW Technology**

BREW (Binary Runtime Environment for Wireless) is a solution developed by Qualcomm for downloading small applications and content to mobile phones. Found almost exclusively in CDMA phones. RD 6330 is powered by BREW.

**✚ In Call Memo**

It allows you to note a phone number that the other person provides you during a call. The number will be stored in the call history with Date, Time and Caller's name or phone number. Upto 20 may be stored.
